Staff and management committee have been working on a new look “Leederville Junction” due to be launched and operational for 2020.

WHAT DOES THIS MEAN FOR YOU?

There will be no changes to the current programs and services we provide and no fee increases as a result of this.

It does, however, enable the centre to re-market a fresh approach and in doing so connect a greater percentage of our community to our wonderful hub. A place where everybody can belong, connect and create.

Please join us at the 2019 AGM to find out more information.

CITY OF VINCENT

The background features a white canvas with stylized botanical illustrations. At the top, a blue fern frond extends from the right. Below it, a cluster of blue berries sits on a green stem with leaves. To the right, another green fern frond extends from the bottom. The corners are filled with large, solid-colored triangles: orange in the top-left and bottom-right, and teal in the top-right and bottom-left.
